VPD as SimCorp Dimension Certified Professional

VPDs highly specialised consulting services for SimCorp Dimension has now been brought to a new level. On a number of financial markets, in Nordic countries, followed by global assignments, and now focusing on London, VPD has provided professional SimCorp Dimension related services for a number of years building a vast experience and knowledgebase. As the investment management system SimCorp Dimension becomes more and more popular, VPD has expanded in this area.

To further strengthen our offering in this field we have adopted the certification programme at SimCorp Academy. Hence, VPD can now provide consultants having the formal training in the product, being certified as SimCorp Dimension Certified Professional.

Main areas covered by the certification are Front office, Back office, Accounting, Middle office, Integration and reporting, Implementation tools, and Technical environment.

Through our Finance & IT consultants we provide business consulting services for your project as project management, implementation services assisting in getting all data and settings in place for production, integration strategies and other services.

We also provide report development services (Crystal Reports or SQL Reporting Services), and we complement portfolio systems with the specialised software from our product suite VPD Risk & Performance (Attribution, GIPS, Front Office, Compliance, Client Reporting).
