

## VPD Front Office

VPD Front Office is the must-have tool for all asset managers. Fed with real-time price data by VPD Market Data Centre, VPD Front Office provides you with the information you need to manage your everyday work – handling multiple portfolios, making optimal investment decisions based on market and portfolio analyses, and facilitating trading – quickly and efficiently.

VPD Front Office covers a wide range of securities on both equity and fixed income markets, and supports not only benchmark-controlled portfolio management, but also hedge fund management and absolute return evaluated asset management.

VPD Front Office provides you with a constant and flexible overview of all your portfolios and exposures. Your portfolios are continuously valued, providing you with accurate risk and performance calculations in real time.

### Features at a glance

- Management of portfolios, index and benchmarks
